

Insurance/Payers Currently In-Network with Foundation Medicine

Foundation Medicine is currently an in-network provider for the following insurance companies for one or more of our portfolio test offerings. Unless otherwise noted in the table below, the network status is for commercial insurance plans only. The term commercial insurance describes most employer-provided health plans but may not include government plans, such as Medicaid.

You can check with the health insurer for your patient if Foundation Medicine is in-network by providing them with our tax identification number: 27-1316416.
